EDUCATION

Bachelor of Software Engineering (B.E.) Aug 2018 - Aug 2023 (Expected)
Nepal College of Information Technology, Balkumari, Lalitpur

NEB - Physical Science Jun 2016 - Jul 2018
Golden Gate International College, Kathmandu

KNOWLEDGE

1. Python Programming
2. Basics of pandas, numpy and matplotlib
3. Web Development with Django
4. HTML5, CSS3, Bootstrap
5. Web Scraping
6. SQL

PROJECTS

A web-based project on food delivery service named 'Bhoklagyo' using Django. It allows a signed-in user to create and update orders. A registered restaurant admin can manage the menu of the restaurant and view orders received and orders delivered. Upon getting the order delivered, the user can mark it 'received'.

TRAINING/COURSES

1. Core Python and Django (Broadway Infosys)

SEMINARS/WORKSHOPS

1. Machine Learning and Data Science Workshop 2021
